Fred Helmen
Midland Engineering
52369 State Road 933 North
South Bend, IN 46637

Dear Fred,

Seaman Corporation is proud to honor you and Midland Engineering as a 2014 Gold level installer of FiberTite® Roofing Systems.

Gold is a significant level of recognition designated by Seaman Corporation for Roofing Contractors. Contractors achieve this distinguished level by exceeding our company's standards in 5 areas; sales volume, sales growth, quality of installation, credit evaluation and professionalism in total project management.

Seaman Corporation is fortunate to have you as one of our best FiberTite installers. We sincerely appreciate your dedication, loyalty and hard work which aides in making FiberTite the premier roofing system in the business.

In an attempt to better recognize your accomplishment in the marketplace, we have implemented the following:

- **Recognition Plaques** – Your plaque and/or date plate is enclosed.
- **National Press Release** – sent to all major Owner, Specifier and Contractor publications.
- **Local Press Release** – sent to local newspapers and relevant publications. If there is a specific publication that you would like this sent to, please contact Joe Gaspro (330-202-5950, jgaspro@seamancorp.com).
- **E-Newsletter (The Roofing Resource) / Website Presence** – In the upcoming edition of our E-Newsletter, which you will be receiving, there will be an article that references your award. References to your award will also show up as a news item on the top of our website homepage. When someone links to that news item, they'll see a page with your company name.

We look forward to many years of working with you. Congratulations!

Nick Kesslering
Director of Sales, FiberTite®
